

## **NOTICE OF PENALTIES FOR THE UNCOMPLIMENT OF CONFINEMENT**

**The entire population must respect the imposed lockdown rules.**

**If I must leave my home and I am an irregular migrant, what happens if I am fined for breaking the lockdown rules?**

This fine is an administrative sanction which does not generate a criminal record. However, it does generate a police record that may stop your administrative regularization. Therefore, before applying for a residence permit (arraigo social), the police record must be cancelled.

**What is a police record?**

An official file held in the Police database with details of your involvement in any police action (identification, arrest, complaint, ...)

**Can I cancel the police record? And when?**

Yes, you can cancel it as long as you have complied with the imposed sanction, or you have filed an appeal and it is ruled in favour.

**Where can I cancel the police record?**

Before the Security Corps which imposed the sanction on you.
